ABOUT

Recent graduate with excellent research, technical and problem-solving skills. Detail-oriented and able to learn new concepts quickly. Detail-oriented Security develops testing protocols to assess network vulnerabilities. Performs required tests and reports on findings to safeguard company assets and reduce risk.

GENERAL SKILLS

| SIEM Technology | OWASP 10 | Vulnerability analysis |

| Event Log management | Technical Troubleshooting | LAN, WAN |

| Outlook | DHCP | DNS | ADDS | Burp suit | OSI Model | SCCM |

- Well knowledge on SIEM technologies.
- Vulnerability analysis and hunting with familiar tools.
- Strong understanding of network security protocols, tools and technologies.
- Proficient WAN, LAN Technology.
- Knowledge on configuring IP configuration, DHCP, DNS, ADDS Configuration
- Monitor the vulnerable and prevent it.
- Maintaining a firewall,IDS and IPS

ACHIEVEMENTS, HONOURS AND AWARDS

🏆 I have completed Network+, Security+ courses from Simplilearn Portal.

🏆 completed 17 rooms and earned 2 badges within a month on Tryhackme CTF challenge portal.

⚙ WORK HISTORY

📅 07/2023 - 11/2023
📍 Sysnet Global Technology, Chennai.　　Desktop Support Engineer.

- Configuring, Troubleshooting, Backup and Restore the Microsoft office Outlook.
- Managing and maintaining SCCM Updates, Proxy configurations, Mobile configuration, and BitLocker troubleshooting.
- Proficient WAN, LAN Technology.
- Knowledge on configuring IP configuration, DHCP, DNS, ADDS Configuration.

📅 06/2021 - 05-2023
📍 GMR Technology, Chennai.　　Desktop Support Engineer.

- All types of operating system Installation (Windows 8.1,10 and 11).
- Installing and Maintaining the Antivirus and managing updates.
- All type of hardware troubleshooting.

🎓 EDUCATION

📅 2017 - 2021
📍 S.V.C.College, Puliyankudi　　BE - Mechanical
